

LUDWIG-MAXIMILIANS-UNIVERSITÄT MÜNCHEN

International Symposium of SFB 749 on "Dynamics and Intermediates of Molecular Transformations" in Munich (Germany) on August 2-4, 2017

Venue

Ludwig-Maximilians-Universität München Fakultät für Chemie und Pharmazie Butenandtstr. 5-13 81377 München

Program

Wednesday, August 2nd 2017

Venue: Baeyer Lecture Hall (F U1.017)

	Chair: Armin Ofial	
14:00	Thomas Carell, LMU München (Germany)	Welcome and Opening
14:15	Helmut Schwarz , TU Berlin (Germany)	Ménage-à-trois: Single-atom Catalysis, Mass Spectrometry, and Computational Chemistry
15:00	Konrad Koszinowski, Univ. Göttingen (Germany)	Dynamics and Intermediates of Transition-Metal Mediated Cross-Coupling Reactions
15:30	Eberhard Riedle, LMU München (Germany)	Walking the slow path with Herbert Mayr
16:00	Coffee Break	
16:45	Krzysztof Matyjaszewski, Carnegie Mellon University, Pittsburgh (U. S. A.)	Dynamics and Intermediates in ATRP (Atom Transfer Radical Polymerization)
17:30	Henry Dube, LMU München (Germany)	Controlling the Motions of Molecules: from Photoswitches to Molecular Machines
18:00	Olga Kronja , Univ. Zagreb (Croatia)	Impact of Electronic Effects on Nucleofugality - Solvolytic Behavior of Carbonates, Carboxylates and Phenolates
18:30	Welcome Mixer	

Thursday, August 3rd 2017

Venue: Baeyer Lecture Hall (F U1.017)

	Chair: Martin Breugst	
09:00	Varinder Aggarwal,	Assembly Line Synthesis
	Univ. Bristol (United Kingdom)	
09:45	Thomas J. J. Müller,	Consecutive Multicomponent Syntheses with
	Univ. Düsseldorf (Germany)	Catalytically Generated Alkynoyl Derivatives
10:15	Haruyasu Asahara,	Development of Difunctionalized N-Acylimines
	Osaka University (Japan)	and its Application to α -Amino Acid Synthesis
10:35	Coffee Break	
11:10	Jin-Pei Cheng,	On the Role of Bond Energetics in Ionic Liquid
	Tsinghua Univ. Beijing	Chemistry
	(P. R. China)	
11:55	Rainer Herges,	Function by Switching: Molecular Spin Switches
	Univ. Kiel (Germany)	in Medical Imaging
12:40	Lunch Break	
	Chair: Sami Lakhdar	
14:15	G. K. Surya Prakash,	Nucleophilic Fluoroalkylations
	USC Los Angeles (U. S. A.)	
15:00	Alexander Dilman,	Synthesis of organofluorine compounds using
	N. D. Zelinsky Institute, Russ.	difluorocarbene
	Acad. Sci., Moscow (Russia)	
15:30	Xinhua Duan,	Direct C-H Alkylation of Electron-Deficient
	Xi'an Jiaotong Univ. (P. R.	Heterocycles via C-C Bond Cleavage of
	China)	Cyclobutanone Oximes
15:50	Coffee Break	
16:30	Peter Schreiner,	London Dispersion in Molecular Chemistry -
	Univ. Gießen (Germany)	Reconsidering Steric Effects
17:15	Hendrik Zipse,	Initiation Chemistries in Hydrocarbon
	LMU München (Germany)	(Aut)Oxidation
17:45	Hans-Ulrich Reißig,	Cyclizations of Alkoxyallenes - Mechanisms,
		to the second state of the
	FU Berlin (Germany)	Intermediates, Products

19:00 Speakers' Dinner

Friday, August 4th 2017

		// Venue: Baeyer Lecture Hall (F U1.017)
09:00	Manabu Abe, Hiroshima University (Japan)	A Challenge in Organic Chemistry: Is π -Single Bonding Possible?
09:45	Ernst-Ulrich Würthwein,	Nitrogen and Aluminium - a powerful
	Univ. Münster (Germany)	combination for novel bond forming reactions:
		Experiment and Theory
10:15	Biplab Maji,	Manganese Catalyzed Hydrogenations,
	IISER Kolkata (India)	Dehydrogenations and Cascades
10:35	Coffee Break	
11:10	Paul Knochel,	Chemical Compatibility - a Useful Concept for
	LMU München (Germany)	Synthetic Chemistry
11:55	Bernd Straub,	Catalytic Mechanisms of Coinage Metal
	Univ. Heidelberg (Germany)	Carbenes
12:25	Lei Shi,	Oxidation and beyond: the reaction of cyclic
	Harbin Institute of	diacyl peroxides
	Technology (P. R. China)	
12:45	Lunch Break	
	Chair: Hendrik Zipse // Buchner Lecture Hall (F0.001)	
14:15	Mieczyslaw Makosza,	How does nucleophilic aromatic substitution
	Inst. for Organic Chemistry,	really proceed
	Polish Academy of Sciences, Warsaw (Poland)	
14:45	Sami Lakhdar,	New Avenues in Organophosphorus Chemistry
14.43	CNRS, Univ. de Caen	via Visible Light-Promoted Phosphorus-Centered
	Normandie (France)	Radicals
15:05	Mahiuddin Baidya,	Synthetic Strategies towards Carbon-
	IIT Madras (India)	Heteroatom Bonds: From alpha-Substitution to
		ortho-Functionalization
15:25	Martin Breugst,	Reaction Mechanisms in Iodine Catalysis
	Univ. Köln (Germany)	
15:45	Coffee Break	
16:10	Oliver Trapp	Design and Mechanistic Investigation of Self-
	LMU München (Germany)	Amplifying Enantioselective Catalysts
16:55	Herbert Mayr,	From the "Principle of Decreasing Cation
	LMU München (Germany)	Stability" to "Intrinsic Barriers"
17:40	Herbert Mayr	Closing Remarks
18:00	Buffet in the Leipelt Foyer	

How to get to the venue

Baeyer Lecture Hall (F U1.017)

Ludwig-Maximilians-Universität München Fakultät für Chemie und Pharmazie Butenandtstr. 5-13 81377 München

Buchner Lecture Hall (F0.001)

Ludwig-Maximilians-Universität München Fakultät für Chemie und Pharmazie Butenandtstr. 5-13 81377 München

By car

- From the Nürnberg highway: get onto the Mittlerer Ring (direction Autobahn Lindau), then onto the Lindau highway to the exit Blumenau, keep going to Gräfelfing from where Würmtalstrasse will lead you to our campus.
- From the Stuttgart highway: from the end of the highway in Obermenzing turn off to Pasing, from Pasing drive in the direction of Gräfelfing, then turn left to Großhadern.
- From the Salzburg or Garmisch highways: drive onto the "Mittlerer Ring" in the direction of Großhadern and Stuttgart, then, in Großhadern turn to Gräfelfing and follow Würmtalstrasse which passes by our campus.

By train and public transport

By IC, EC, ICE to Munich Central Station (München Hauptbahnhof). From there, take the subway U1 or U2 to station "Sendlinger Tor". Change to U6 in the direction of "Klinikum Großhadern" and get off at station "Großhadern".

Take the stairway to your left (exit "Würmtalstr.") and keep left. You are now on Würmtalstr. Now you can walk along Würmtalstraße until you reach the campus (modern buildings on the left, about 10 to 15 minutes) or take the bus from the bus stop in front of "Sparda-Bank" (line 268 in direction Gräfelfing or line 160 in direction to Pasing, Blutenburg or Allach) to "Waldhüterstraße" (2nd stop).

By plane and public transport

From the Munich airport take the S-Bahn train S8 (or S1) to "Marienplatz". Change to the subway U6 in the direction of Klinikum Großhadern and get off at station "Großhadern".

Take the stairway to your left (exit "Würmtalstr.") and keep left. You are now on Würmtalstr. Now you can walk along Würmtalstraße until you reach the campus (modern buildings on the left, about 10 to 15 minutes) or take the bus from the bus stop in front of "Sparda-Bank" (line 268 in direction Gräfelfing or line 160 in direction to Pasing, Blutenburg or Allach) to "Waldhüterstraße" (2nd stop).
